AIFO Proposed Olympiad — Answer Key

For the sample assessments in this repository

Grades 5–6

MCQs: 1-A, 2-A, 3-False, 4-B, 5-B.

Open responses should recognize recommendation signals, possible misunderstanding, learning from examples, checking AI outputs and responsible use.

Grades 7–8

MCQs: 1-A, 2-A, 3-A, 4-A, 5-A.

Open responses should recognize differing signals, limitations of examples, human judgment, source checking, privacy/permission and responsible academic use.

Scoring Note

Score open responses for reasoning and responsible-use awareness rather than exact wording.
